### *What is Theta DNA Healing?*

#### **What is Theta DNA Healing?**

Theta DNA healing can be described as the practical application of applied quantum physics.

Theta healing, also known as the Orian (or Orion) technique, has been developed over a 10 year period by naturopath and intuitive psychic Vianna Stibal who discovered this process when she was healed of cancer.

#### **Pulling out problems from the root**

As any good gardener knows, if you don't pull the weeds out by the roots, then try as you might to plant new seedlings eventually 'that weed' will reappear destroying all the hard work and good intentions.

Theta DNA digs out the root of the problem, pulling it out completely. The effects are felt immediately. Experiencing change at all levels, people who have problems affecting them physically, emotionally, mentally or spiritually find quick and permanent relief.

#### **Limitless Possibilities**

Theta DNA Healing holds infinite possibilities. There is no limit to what it can do and to what can be achieved by utilizing its methods.

### **Past patterns and programs**

Blocks - the beliefs we have that hold us back, are dissolved, cleared, pulled like a weed from the soil and a new positive thought/ belief instantly replaces it. The replacement belief is one that supports the greater expression of the individual, a positive replacement that encourages health, happiness and joy.

Clearing unwanted beliefs on four levels (Core, Genetic, Historical, Soul) and replacing them with beliefs that work to enable anyone to tune in to their true potential is easy with Theta DNA healing.

### **Life beyond the blockage**

Theta DNA Healing is a powerful new healing method that allows us to tackle our physical health and wellbeing directly. It is only the beginning of us tapping into the powers of our minds to create states of wholeness – which is our Divine Birthright.

**Experience the Power of Theta DNA Healing! Your benefits are immediate AND long lasting.**

### **Sunset Heal Offers Many Opportunities to Create Wholeness**

*“Beatrice has a wall full of degrees and certifications in fields such as Reiki, Theta DNA and Aromatherapy and she specializes in Massage Therapy for physical ailments. She has had **success in helping stroke victims** recover from facial paralysis which I found impressive. I always saw that as a permanent condition but the nerve and muscle damage can be repaired or retrained.*

*I’ll confess to not knowing much about exactly what Beatrice does but I can tell you she knows what she is doing. She is an intelligent and articulate woman who speaks with confidence and I’m **impressed with her ideas on healing and alternative medicine**. I was most intrigued by what I learned about DNA Theta Healing but you can get Reiki and Massage treatments as well. **Theta Healing may hold some promise for my autistic son** and we’re exploring ways she can help us with his condition.” [www.jamaicamax.com](http://www.jamaicamax.com)*
